MEMORANDUM FOR: Deputy Director of Central Intelligence

FROM :

SUBJECT : Meeting with Deputy Secretary Stoessel on MIG-23s
in Cuba

Per your request I have gathered some material for your meeting today. The first item is a copy of Bob Gates' memo to Hugh Montgomery on the most recent deliveries of MIG-23s to Cuba. In addition, I asked DDI to provide some backup materials, including responses to the specific questions that you had mentioned--what if any understandings do these deliveries contravene and what can we do about it; and second, what is the status of aircraft deliveries to Nicaragua.

I hope this material is adequate to your needs for the meeting.
